ALISSA SCHLECHT

HELLO

I care about people, technology, and all of the ways they are connected. I believe that how we build tech today impacts the world we see tomorrow, and I am passionate about being part of the positive changes happening.

EXPERIENCE

Feb 2018 - Current
Front End Developer & Designer
The Hanen Centre

Responsible for end to end website redesign and adding new features. Full spectrum design (research to high fidelity) and HTML/SASS/jQuery templates integrated into Kentico CMS.

Feb 2017 - Dec 2017
Front End Developer
Concise LTD

Built responsive, mobile-first interactive event apps for a large range of clients, primarily using HTML/SASS/jQuery with internal tooling built in React.JS.

Aug 2016 - Jan 2017
Front End Developer (Freelance)
Jita, SearchSmart.ly

While waiting for my visa for Concise, I built the frontend for an MVP for a startup building a peer to peer microfinance application (Angualar.JS) and the first prototype for a algorithm-based rental search application. (React.JS) HTML/SASS, Angular.JS, React.JS.
